

23rd of May, 2013

New company name:

NordMedica International A/S becomes Pharmanovia A/S

Dear Sir /Madam,

Following the divestment of one of our legal entities in January 2013, we are pleased to announce that the Board of Directors has approved to change the company name "NordMedica International A/S" to:

Pharmanovia A/S

From a legal perspective, we are maintaining the same corporate structure, and our company address, phone numbers and registered company/VAT number remains the same. Only our website and email accounts will be changed. These will be www.pharmanovia.com and xx@pharmanovia.com respectively. Our email initials remain the same.

Regarding our financial arrangements, please note that there will be no change in our bank account details.

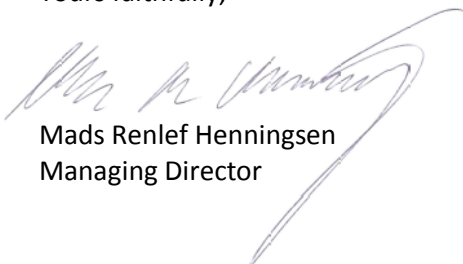

Our marketing authorizations will be updated with the relevant competent local authorities and our pharmaceutical products will change into a new trade dress over the following months.

We encourage our contracting partners to append a copy of the letter to each contract if applicable.

The name change will come into force on 1st of June, 2013.

Please do not hesitate to contact me directly if you have any comments or questions.

Yours faithfully,

Mads Renlef Henningsen
Managing Director
